

EXHIBITOR MOVE-IN/MOVE-OUT WRISTBANDS

For your convenience, and to encourage a more secure work environment, MT Series WEST will be using wristbands to permit the exhibitor and/or EAC to enter the exhibit halls during move-in & move-out for the purpose of installing/dismantling their exhibit (see example below). These wristbands will be distributed at the entrance to the exhibit hall by the security staff beginning on the first day of move-in, Thursday, October 2. Once Exhibitor Registration opens on Monday, October 6, and exhibitor badges are available for pick up, wristbands will no longer be needed until the show closes throughout move-out.
