Scientific exhibits share information about the current state of your company’s research. Separate from commercial exhibits, scientific exhibits are staffed exclusively by scientists and investigators.

GENERAL GUIDELINES
Scientific exhibits differ from traditional poster presentations in that a far broader range of material can be presented as a collection of topics (results of various clinical trials), or a thematic presentation of one aspect of drug development (e.g., all preclinical material). Presentation of a range of data will enhance viewer understanding of the evolution of drug and device development.

No references may be made to the scientific exhibit in your commercial booth.

Exhibits must be scientific and/or educational and conservative in appearance (i.e., informational, not promotional). No promotion can be conducted in the scientific exhibit area and no commercial representative of the company can be present during display times. Language used in the exhibit should not suggest that compounds are proven safe and effective for any indications that are still investigational.

GENERATING AN AUDIENCE FOR YOUR EXHIBIT
Scientific Exhibitors are responsible for generating their own audience for their exhibit. AES will include the block of times and the location of Scientific Exhibits in its at-a-glance print and digital materials. AES will include exhibit titles, companies, and specific times/locations in the print program book and digital program.

A complimentary one-time use of the pre-meeting registrant list as of approximately Thursday, November 10 and the post-meeting registrant list with postal addresses only (no email addresses) will be provided to scientific exhibitors for AES approved outreach about their exhibit. Scientific exhibitors must comply with all AES guidelines regarding on-site signage or other promotion of their the scientific exhibit.

Additional resources for building your scientific exhibit audience can be found on pages 8-14 of this prospectus. Scientific exhibitors qualify to purchase advertising and sponsorships at the AES Annual Meeting.

Satellite Symposia. SHARE EPILEPSY-RELATED EXPERTISE THROUGH SPONSORED EDUCATION

APPLICATIONS DUE JULY 8, 2022

Satellite symposia and workshops provide an opportunity for industry supporters to share epilepsy-related expertise through sponsored education. Programs must be educational and not promotional. Programs may not duplicate any educational content offered at the AES 2022 Annual Meeting.

GENERAL GUIDELINES

Industry-sponsored education may offer CME/CE from a third-party accreditor, but CME/CE is not required. AES does not accredit or jointly provide industry satellite education.

Applications for industry-sponsored education will be reviewed by the AES Council on Education. Accepted applications must meet AES education standards for industry-sponsored education. If more applications are submitted than slots are available, the Council on Education will select the symposia and workshops it judges to have the greatest educational value to attendees.

Acceptable educational formats for industry satellite education may be a symposium or workshop that include presentations by speakers, panel discussions, films, video presentations, and hands-on activities. Past in-person satellite symposia have drawn between 100 to 200 attendees, depending on the topic and concurrent activities happening at the AES 2022 Annual Meeting. However, AES cannot predict nor guarantee the number or type of learners who will attend your symposium or workshop. AES does not schedule AES conflicting education sessions opposite satellite symposia.

GENERATING AN AUDIENCE FOR YOUR EXHIBIT

Satellite symposium sponsors are responsible for generating their own audience for their session. AES will include the block of times and the location of satellite symposia in its at-a-glance print and digital materials. AES will include session titles, companies, and specific times/locations in the print program book and digital program.

A complimentary one-time use of the pre-meeting registrant list as of approximately Friday, November 11 and the post-meeting registrant list with postal addresses only (no email addresses) will be provided to satellite symposium sponsors for AES approved outreach about their session. Sponsors must comply with all AES guidelines regarding on-site signage or other promotion of their satellite symposium.

WHAT’S INCLUDED

Satellite symposia will be held Friday, December 2 through Monday, December 5 between 6:00 - 9:00 PM. Sessions may take place any time within the assigned period and do not need to run the full 3 hours.

AES will provide:

- A room with a standard AES session set up. If you choose to change the set-up of the room, please note: (1) you will need to work directly with the Hotel or Convention Center on logistical arrangements; and (2) you will be responsible for all costs related to setting up the room in your preferred style and re-setting it back to the original after your program.
- Complimentary black and white full-page advertisement in the printed program book.
- Outreach opportunities for purchase by sponsors of satellite symposia and workshops. See pages 8-14 of this prospectus for details on these opportunities.
- Signage in a high-traffic area of the meeting, listing industry satellite education events with dates, times, and locations.

BOOTH SELECTION FOR THE 2023 AES ANNUAL MEETING IN ORLANDO STARTS AT AES 2022!

You will be invited to select your 2023 booth position in order of the 2022 priority points you have accumulated. The more points you earn, the better spot you can get on the exhibit floor in Orlando!

- **2022 Total Spend Points**, calculated as of the Wednesday before Thanksgiving:
  - BENEFACTOR: $500,000 and over = 13 points
  - LEADER: $250,000 to $499,999 = 10 points
  - PARTNER: $100,000 to $249,000 = 7 points
  - SUPPORTER: $50,000 to $99,999 = 5 points
  - CONTRIBUTOR: $25,000 to $49,999 = 3 points

All companies and organizations participating in the AES 2022 Annual Meeting as exhibitors, sponsors, and advertisers of content targeted in any way at the professional epilepsy audience that appears during the AES 2022 Annual Meeting as exhibitors, sponsors, and advertisers of content targeted in any way at the professional epilepsy audience that appears during the 11/30/2022 to 12/11/2022 time period in the Nashville market must purchase these products from AES. Note that advertising placements of a month or less that: (1) Include these dates, (2) are targeted at the consumer market, and (3) are in or near venues or outlets where they can reasonably be expected to reach the AES professional audience will be considered targeted at professionals and therefore must be purchased through AES. Advertising includes, but is not limited to, advertising on-site at the convention center and AES hotels and in-market advertising such as airport, billboards, signage in the central business district and on or near AES hotels, bus, taxi, clings, pop-ups, projection ads, mobile advertising, pedicabs, and other outdoor advertising.

Hotel advertising. AES does not allow advertising in conference hotels with the exception of advertising inventory offered by AES in the headquarters hotels.

Complimentary registrant mailing list. All exhibitors will receive (via the exhibitor newsletter) a link to the meeting registrant list on or about Friday, November 11, 2022 and again on or about Friday, January 6, 2023. Each is for a one-time only use. Only mailing addresses will be provided. AES does not provide email addresses.

- Each commercial booth, medical affairs booth (if separate from commercial), tabletop exhibit, scientific exhibit, Innovation Pavilion, and satellite symposium or workshop is entitled to one use of the pre-meeting registrant list and the post-meeting registrant list. AES approvals for ads and mailings. All advertisements and mailings using the AES registrant list must be approved by the American Epilepsy Society in advance. AES can review your messaging and/or art in its early stages of execution in addition to reviewing the final for approval. Send all approval requests to alaw@aesnet.org and allow two business days for review.

Use of QR codes in advertisements. QR codes on print or digital advertisements are acceptable provided the code takes the user directly to a PDF of the document, i.e. a copy of the ad, and not to the advertiser’s website.

References to AES in ads and mailings. Advertisements and direct mail outreach may include reference to the AES Annual Meeting, but it must not imply that the ad or mailer is from AES. During the review process, AES reserves the right to change language relating to the use of the American Epilepsy Society and/or to reduce the point size of the reference.

- Neither the AES logo nor the Annual Meeting logo may be used in any advertisement or mailer
- No version of “American Epilepsy Society”, “AES”, and “Annual Meeting” may appear in any URLs your company uses to support your program or product.
- The following reference to AES is not required, but may be used in all advertising, including airport, outdoor, taxi, hotel, and various onsite advertising:
  AES 2022.
- Only on materials viewed or used onsite at the convention center and hotels—including but not limited to program book ads, meeting guide, door drops, media wall ads, and room signs for scientific exhibits and satellite symposia—advertisers may use:
  American Epilepsy Society 2022 Annual Meeting or AES 2022 Annual Meeting in addition to AES 2022.

Messaging at the AES Annual Meeting. Please note these requirements for your corporate and branded product messaging based on where your advertisement will appear:

- Messaging on sponsored items and advertising inside the exhibit hall may include corporate messaging + logos and/or product messaging + logos. AES reserves the right to disallow corporate and/or product messaging and logos on items in the exhibit hall if there is a reasonable possibility that attendees may carry those items where corporate messaging might be visible in accredited education sessions.
- Messaging on sponsored items and advertising in the convention center but outside the exhibit hall may not include product messaging + logos, with the exception of ads appearing on the AES Media Wall, which may include product messaging + logos.
- Outdoor advertising and sponsorships (airport, taxi, shuttle buses, billboards, headquarters hotels, etc) may include a call to action and may include product messaging + logos as part of a larger corporate message. The product messaging + logo must appear smaller than the corporate messaging + logo.
Exhibitor group housing expectations. Companies exhibiting at the AES Annual Meeting are expected to house their staff and vendor teams in the AES hotel block for at least 80% of their room nights. Built-in AES hotel contracts are minimum numbers of prime, competitively-priced sleeping rooms that help keep costs down for attendees, which helps attract the target audience for a successful exhibit hall. Rooms in the AES block must be sold or AES will face attrition fees and meeting room charges that will increase costs next year.

Right of First Refusal System. Companies or organizations that purchase an exclusive or premium sponsorship or advertising item will have the right of first refusal (ROFR) for that item at the subsequent Annual Meeting if it is offered in the subsequent year by AES. Prices for exclusive and premium items are subject to change each year.

In Conjunction With (ICW) Meetings.Space reservations for "In Conjunction With" (ICW) meetings will open by late August. Watch your exhibitor newsletter for the exact date. All such meetings or events, whether on-site at the AES meeting or off-site at a non-AES venue, are ICWs and must be approved by AES. Exhibitor team meetings with attendance limited to that company’s staff and representatives may be held at any time.

• ICWs typically fall into one of these categories: Alumni Reunions/Receptions; Advisory Board Meetings; Committee Meetings; Board Meetings; Focus Groups; Press Conferences; Task Forces; and Social Events. ICW meetings may not provide either informal or accredited medical education.

• Attendance at an ICW event may not exceed 100 AES Annual Meeting registrants, (total over the course of the event), including your organization’s representatives/employees/staff.

• ICWs must be by invitation only to a select group of people. They may not be open to all AES Annual Meeting attendees.

• AES provides limited times over the course of the AES Annual Meeting that ICWs are allowed.

• Companies and organizations holding an ICW meeting are responsible for conforming to all rules relating to the times that ICWs are allowed and the requirements for promotional materials and signage.

• AES reserves the right to limit the number of ICW meetings and to not approve an ICW request.

AES Cancellation Policy

• No refunds on advertising or sponsorships if AES has already entered into contracts with fulfillment agencies or has otherwise incurred costs (e.g. design, print orders, print placements, food & beverage commitments, etc) to execute your ad or sponsorship—regardless of the timing of your cancellation.

• If AES has not entered into fulfillment contracts or incurred fulfillment costs at the time of your cancellation, AES will retain:
  • 20% of the advertising or sponsorship fee if written notice of cancellation is received on or before Wednesday, September 7, 2022.
  • 50% of the advertising or sponsorship fee if written notice of cancellation is received between Thursday, September 8, 2022 and Wednesday, September 28, 2022.
  • 100% of the advertising or sponsorship fee if written notice of cancellation is received after Thursday, September 29, 2022.

• No refunds for cancellations after Thursday, September 29, 2022.

• Cancellations must be received in writing by Angel Law at alaw@aesnet.org.

• If your advertisement or sponsorship is unpaid at the time of cancellation, you will still owe AES the amount reflected in your signed reservation form, insertion order, or memorandum of agreement, less the refundable amount per this policy.
